***Allowable Subject Matter***

1. Claim 1 is allowed.

---

2. The following is an examiner's statement of reasons for allowance: The claim as amended, setting forth a method for assembling a tire and a wheel rim with the steps of determining the radial runout of the wheel rim, the phrase of the peak position corresponding to the maximum crest portion of the primary wave form, an unbalance level of a heavy point of a weight unbalance of the rim, the phrase of the unbalance level, the distance of a balance weight mounting position to correct the unbalance condition from the central axis of the rim, the weight of the tire, and the phase of a light point of an unbalance point of the tire; then determining the phase of a correction unbalance using a unique formula; and then assembling the tire and wheel rim by aligning the phase of the correction unbalance with the phase of the light point of the tire. The prior art does not teach or suggest balancing a wheel and tire assembly by calculating the phase angle of a correcting unbalance using the formula set forth in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
